

# SUSTAINABILITY POLICY

**AWARD DESCRIPTION:** This award honors an organization's official internal policy or initiative that exhibits measurable, and significant sustainability / environmental benefits to a workplace and its people.

## AWARD CRITERIA:

1. Examples include how a building is operated and / or maintained, recycling programs, workforce transportation initiatives, purchasing policies, etc.
2. Preference will be given to exemplary and unique policies with measurable outcomes, (such as those found in the **WELL** and the **LEED for Operations and Maintenance - Existing Building** certification rating systems).

## AWARD CATEGORY

There can be three Awards conferred in this category:

**Business**

**Non-Government Organization**

**Government**

### CRITERIA #1

Does the building Owner have a written Policy stating the sustainability goals and objectives to accomplish these items:

- a. Operated and/or maintained energy efficiently?
- b. Recycling Program
- c. Transportation
- d. Purchasing
- e. Water Use
- f. Other?

### CRITERIA #2

Preference will be given to exemplary and unique policies with measurable outcomes, (such as those effectively carrying out the objectives found in the **WELL** and the **LEED for Operations and Maintenance - Existing Building** certification rating systems).
